MIP Club XT 4050 Put Over Landing Net Handle

The MIP Club XT 4050 landing net handle is available in either 2 or 3 sections.

The 2 piece 3.30m version is perfect for today's commercial style of fishing.

It is rigid and strong enough to cope with the ever increasing size of carp that are now being caught in large numbers on many venues.

The 3 Piece 4.40m comes into its own when fishing rivers or any venue with lots of vegetation close in such as reeds or lily pads.

47322 330	3.30m	2 piece
47322 440	4.40m	3 piece
