J-Wag pellet wagglers

Avalon Styro Pellet Wagglers

The Avalon Styro pellet wagglers have been developed to catch carp up in the water when fishing with pellets. The main objective is to be able to cast accurately without the float diving on impact as it enters the water. To achieve this these floats are short and very light with a flat base.

Avalon Styro pellet 1 Available in 3 sizes for fishing anywhere from 18 inches to 4 feet deep in open water

Avalon Styro pellet 2 Available in 3 sizes for fishing anywhere from 6 inches to 3 feet deep up against islands
